Multi-Leaf Suspension System

SPREADER GATE

With an adjustable spreader gate and barn doors, our trailers make hauling safer and unloading easier, adding more value to every load.

TOOLBOX

Extra-large 5.4 cu ft toolbox provides plenty of storage, complete with battery, charger, pump, and remote control.

TELESCOPIC LIFT

A telescopic cylinder in dump trailers enhances lifting power for handling heavier loads, ensures smooth and controlled dumping.

LOCKING RAMP DOOR

With a locking ramp door, the added safety feature ensures the ramp stays secure, preventing accidental openings during transit and maintaining safe, efficient operation.
